Sir,

Referring to the Govt. Proceedings No. 607-9/1899 of the 21st July last sanctioning the grant of 5a 2g - 31 of wet land to Sree. Narayanaswamy temple at Melkota under North Channel of the Sri Rama Devara dam in the Channarayapatna Taluk, at an upset price of Rs 50/- per acre, I beg to submit the following for your kind consideration and favourable orders.

I have an idea of purchasing 15a - 22g of wet land, situated closely in the villages of Idalenahalli and Chikhagunny out of the extent sanctioned in the said Proceedings and getting the same registered

in the name of the Sree Narayana-
Swamy temple at Melkota.

The upset price of Rs 50/- per acre, and the cost for preparing the land fit for wet cultivation &c. amounting to Rs 1408/- as shown in the margin, will be borne entirely by me. Neither myself, nor my heirs will have any right, tittle and interest on the lands thus purchased, and assigned.

Upset price for 15-22 at Rs 50/- is Rs 775 — — —
Probable cost for preparing the land fit for wet cultivation ab about Rs 30 or 35/- pr is Rs 543 — — —
Probable assessment for a year at least to expect any income from the land. Rs 90 — —
Total Rs 1408 — —

The object of my undertaking to bear the entire cost is simply to utilize the net proceeds as shown hereunder solely for charitable purposes.

(1.) Probable yield from 15½ acres at 3 Kandies per acre will amount to 46 Kandies at Rs 6/- 276 — — —

2) Deduct annual assessment due on the land — 90 — — —

Net proceeds Rs 186 — —

I propose the net proceeds to be appropriated as follows:-

(1). To make an annual grant of Rs 36/- to Sree Sreenivasadevaru temple at Dod Tripaty. This amount will have to be remitted direct from the Melkota temple to Tripaty without my concern

(2) To utilize the remainder for a particular specified Seva in the Sree Narayanaswamy temple at Melkota.

If you are not pleased to grant my prayers ie the Moogroy Deptt undertaking to remit the annual grant of Rs 36/- direct to Sree Sreenivasadevaru temple at Tripaty I beg the favour of kindly granting me as a special case to purchase for the Sree Narayanaswamy temple at Melkota at least 8 acres of land out of the extent sanctioned

On receipt of your instructions the upset price for the required extent will be duly credited to the Treasury.

In doing this kindness I shall feel ever grateful, and I beg to state that you will also have a share in the benefit of the charity I intend making.

I beg to remain Sir,
Your most obedient
Servant.

Nanjangud Temple

The Paditara allowance payable to the temple servants is 224 seers per day, or 6,272 seers a month. The money value fixed therefor in the Jasdik Patti is Rs 325-6-8 a month at the rate of Rs 5-3-- a palla. The annual grant on this account thus amounts to Rs 3905. The prices have since risen considerably, and even taking it at the rate of Rs 10 a palla, below which it does not fall even in favorable years, a sum of Rs 617-3-2 a month or Rs 291-12- in excess of the Jasdik allotment is require to distribute the full quantity of rice

Melkote Temple

The rice allowances payable to the temple servants consist of two items, namely:-

I Stalavasi Allowance; and

II Paditara Allowance.

I. Stalavasi Allowance.

The quantity payable under this head is 250¼ seers per diem or 7007 seers a month. The money value fixed therefor in the Jasdik Patti is Rs 291-9-6 a month at the rate of Rs 4-2-7 a palla. The annual grant on this account thus amounts to Rs 3499-2-0. But, at the rate of Rs 10 a palla a sum of Rs 700-11-2 a month or Rs 409-1-8 in excess of the Jasdik allotment is required to give the full quantity.

II Paditara Allowance.

The quantity payable under this head is 239 seers a day or 6692 seers per month. The money allotted on this account is Rs 325-3-0 a month at the rate of Rs 4-13-4 a palla. The annual grant therefor thus amounts to Rs 3902-4-0. But at the rate

of

of Rs 10 a patta, a sum of Rs 669-3-3 or Rs 344-0-3 in excess of the Jasdik allotment is required to give the full quantity.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 8th February 1892.

READ:—The following Memorandum, dated 12th January 1892, from the Muzarayi Superintendent of Mysore:—

"Petition of the Brahmins of Melkote complaining of the reduction of grain allowances payable to them"

—.o.—

"The grain allowances payable to the Brahmins of Melkote are of three kinds:—

I. Stalavasi allowance

II Bhatamanya allowance.

III. Paditara or Nityapadi allowance.

I. STALAVASI ALLOWANCE.

"The Stalavasi allowance is payable, as its name signifies, to those who have taken their permanent residence at Melkote. The Tasdik Patti dated 1st March 1819, which was finally revised in 1831 issued by H H. the late Maharaja under his own signature, particularizes the quantity of rice payable, its money value, and the number of persons to whom it is to be distributed. According to it, 1,001 Brahmins are to be granted daily one-fourth seer of rice each. The total quantity thus payable per diem is 250¼ seers, and the cost per month, calculating it at the then selling rate, *viz.*, Rs. 4—2—7 per palla of 100 seers, amounted to Rs. 291—9—6. But the prices having gradually risen, the Brahmins were being given only so much quantity of rice as could be got for the original money allotment. Even in prosperous seasons, during the last two decades, the price of rice did not fall below Rs. 8 per palla, which was nearly double the rate at which the price was fixed in the Tasdik Patti, and the consequence was the recipients obtained only half the original quantity. It was at this reduced rate they got the allowances last year. But during the last two months, prices having risen still higher, *viz.*, Rs. 1 per palla, the quantity of rice allowance was further reduced, *viz.*, to one-fourth the original quantity; that is, instead of each man getting one-fourth seer of rice, the sanctioned rate, he now gets only one-sixteenth of a seer.

2. In this connection I must bring to the notice of the Dewan, the irregular practice now prevailing in the matter of the distribution of rice. H. H. the late Maharaja in his Tasdik Patti distinctly lays down that this allowance is to be given only to those who actually reside at Melkote and forbids payment to the absent men, and this restriction is repeated in the order issued on the subject, in 1860, by the late Sir Mark Cubbon. His order even goes to the length of saying that at the time of the daily distribution of rice, there ought to be a "Jadthi" or roll-call. This wholesome provision is, it is understood, systematically ignored. There are 253 Brahmins who do not reside at Melkote at present, and yet obtain their rice allowances through their agents. What is more surprising is that, in some cases, the rice allowances were even converted into money, and cash payment was made to the absent members at Seringapatam Taluk Treasury. This is much to be regretted. The reason for the restriction imposed by H. H. the late Maharaja that the distribution of rice should be confined to only such as permanently reside in the village is, so far as I was able to gather from the tenor of his Sannads and Orders, and from enquiries instituted, that, if absent members were allowed to draw their rice allowances, the village which is on the top of rocky hills, will become gradually deserted, and the temple will again be encroached upon by the surrounding jungles, from which it was, according to tradition, reclaimed by Ramanuja—that great Reformer who, from a catholic spirit, threw open this famous Brahmin temple, for certain season of the year, even to Pariahs—that unfortunately much degraded class—in view to demonstrate practically to the people that social and caste distinctions are out of place in the House of God.

3. I would not recommend the sudden discontinuance of rice allowance to absent members but would first publish a notice in the village, with the approval of Government, to the effect that, unless the absent members would conform to the condition of the grant as to the residence in the village within three months from the date of the publication of the notice, their allowance will cease.

II. BHATAMANYA.

4. This class of recipients consists of 200 Brahmins, each receiving daily ¼ seer cooked rice, amounting to 50 seers a day. In addition to this allowance in kind, they were also given each an annual cash allowance of Rs. 3—10—0 amounting to 250 Pagodas annually which is equal to Rs. 737—13—10. There is a condition of service attached to this grant which being that the recipients have to be present in the temple at the time of the performance of "Mangalarati" and recite Vedas at the time of worship. But since the year 1855, the cash payments ceased to the majority of them and during the late Inam Settlement these cash payments were confirmed only to 14 persons as I

grants; but the rice allowance remains undisturbed and is being continued up to date without interruption The discontinuance of cash allowance from 1855 effected an annual saving out of the temple Tasdik amount to the extent of Rs. 150 and the total saving up to date amounts to Rs. 5,250 which is in the hands of Government. Of the recipients belonging to this class, there are only 153 actually residing in the village, the remaining 47 being absent from it. The latter are allowed to draw their allowances through their agents which is certainly opposed to the terms of the grant.

III. PAPITARA ALLOWANCE.

5. Payment of this allowance is confined only to temple servants, numbering 242, of whom 162 are Brahmins, the remaining 80 being non-Brahmins. According to Tasdik Patti, they have to be given 239 seers of cooked rice daily. The distribution of rice dole in this case is not made as in the two preceding classes, at a uniform rate, but at varying rates according to the importance and character of the service rendered to the temple. The total monthly quantity of rice is 6,692 seers costing Rs. 325—3—0, computing the rate at Rs. 4—13—9 per palla, which was the selling rate at the time of the grant. Owing to the rise of prices, their allowances also gradually decreased and now they get only a fourth of the original allotment as is the case with the other two classes I and II. In this class there are no absentees, the service being performed either by the principal or by a substitute during the former's absence.

6. From the foregoing, it will be clear that, the complaint of the Brahmins that they do not now get the usual quantity of rice, owing to the prevailing high prices, is true, and I am satisfied from the enquiries that the allowance now given them is hardly sufficient to maintain themselves and their families; and they having no other source of living, are in great distress. Then the question arises what relief can be afforded to them and from what funds the cost is to be met. I may here mention that any relief that may be decided upon by the Government will not be extended to the absentees from Melkote, and it will only be continued provisionally for the next four months to the resident population of the place.

7. I would submit here two alternative measures of relief for the consideration of the Government :—

(*a*) to allow them the full quantity of rice, *viz.*, $\frac{1}{4}$ seer to each as fixed in the Tasdik Patti, or

(*b*) to allow them the difference between the normal rate and the famine rate; in other words, to allow them $\frac{1}{8}$ seer of rice each, the rate at which they were getting the allowance before the present season of scarcity.

In either case, there will be extra expenditure and I have appended 3 statements showing details.

8. In the first case, the monthly expenditure amounts to Rs. 1,364—15—7 and for the four months to Rs. 5,459—14—4 and in the second case the monthly expenditure will be Rs. 463-2-10 and for four months Rs. 1,852—11—4. Considering the means of the Institution, it is not possible to adopt the first alternative as the cost is prohibitive, and the second alternative is the only one that can be conveniently adopted, if the Government be generously disposed to sanction it. Now arises the question of funds. The additional cost is doubtless a legitimate charge on the Surplus Fund belonging to the temple. The Institution has now at its credit Rs. 12,903—8—4 as particularized in the margin. * But if this surplus amount is to be appropriated towards the above expenditure, there will be no money available for the repairs of the temple which are also reported to be urgently needed to prevent its decay. An estimate for repairs of the temple amounting to Rs. 11,732—0—0, nearly the full extent of the Surplus Fund, has already been submitted by the Deputy Commissioner of the Mysore District, and is now pending sanction of the Government. The only other source that is available from which this additional cost can be met is the amount of saving of Rs. 5,250—0—0 available under the head (II. Bhatamanya cash allowance) already referred to. This amount properly belongs to the temple, the same forming a part of the Tasdik amount originally sanctioned; and is now held by the Government as a trustee for the temple. I would at the same time recommend that the execution of repairs to the temple may also be sanctioned at an early date from the temple funds as it will provide ample work for the laboring classes of the place and also of surrounding tracts for the next four months and more during this season of scarcity and then there will be no need for opening further relief works in this locality."

* Surplus Fund ... Rs. 2,902—1—0
Receipts of the Temple .. „ 10,001—7—4
Total Rs. 12,903—8—4

No. M. 461-2, DATED BANGALORE, 8TH FEBRUARY 1892.

ORDER THEREON.—The Government approve of the Superintendent's proposal to publish a notice requiring the absent members referred to in paras 3 and 4 of the Memorandum, to conform to the condition of the grant by taking up their residence at Melkote within 3 months from the date of the publication thereof, failing

which, their allowances will cease. The notice shall also state that though the allowances of the absentees will not be payable during their absence, yet their *Hak* to the same will be recognised on their taking up their permanent residence at Melkote and this will be noted on the Temple records, as the same is regarded as a matter of honor, however small may be their pecuniary value.

2. Having regard to the present season of scarcity, the Government are pleased to direct that nice allowances of quantities given last year, namely, ½ of the Tasdik quantities, be continued this year to all recipients residing at Melkote, the excess charge thus incurred being debited to the Temple funds. It must be clearly understood that, no absentees will get the excess allowance now ordered during the next three months or any at all after that period, if the condition of the grant is not fulfilled.

3. Separate orders will be issued as regards the repairs of the temple.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 9th February 1892.

READ :—

The following Memorandum, dated 6th February 1892, from the Muzarayi Superintendent :—

"ALLOWANCE TO TEMPLE SERVANTS AT NANJANGUD."

"This allowance called "Paditara" is payable in kind to the temple servants. They number 234, of whom 112 are Brahmins, the remaining 122 being non-Brahmins. As per Tasdik Patti, the quantity of rice fixed for distribution is 224 seers per diem or 6,272 seers a month, and their money value is Rs. 325—6—8. Owing to the rise of prices during the past 20 years, these allowances, as was the case in the Melkoté Temple, gradually decreased, and now they get not more than half the original quantity. The present high prices due to scarcity have not yet affected-these recipients and will not affect them till 31st March 1892, on which date the present contract for supply of rice to the temple at the rate of Rs. 9—13—0 per palla will terminate. But the Contractor, who sustains loss by being held to his contract rate, has, I am informed, received an assurance from the Deputy Commissioner that his loss will be made good to some extent, and subject to certain conditions from the Muzarayi Surplus Funds. But should these high rates continue even after 31st March next, which is not unlikely, extra funds to the extent of nearly Rs. 150 a month will be necessary to meet the additional cost. The only source from which this cost might be met is the income derived from the votaries of the temple, which now averages about Rs. 150 a month ; but this fund is freely being drawn against by the *Shivakúta* Establishment under the orders of the local Muzarayi Officer, though contrary to standing orders on the subject. The *Shivakúta* is intended to feed only Brahmin pilgrims. If this rule is strictly adhered to, the fund assigned for it will suffice, but some of the temple servants and also others unconnected with the Institution are also allowed either cooked food or rations. Hence the additional outlay under this head. This matter will be enquired into during my inspection of the temple, which will be at no distant date. The extra sum of Rs 150 referred to above will be required for the next six months, and it will amount to Rs. 900 in the aggregate. I would therefore request that this amount be advanced from the Provincial Revenues to be adjusted against savings of the future Temple receipts."

No. M. 459-60, DATED BANGALORE, 9TH FEBRUARY 1892.

ORDER THEREON.—Under the circumstances explained in the Memorandum above recorded, the Government are pleased to direct that the *Paditara* allowances payable to the temple servants at Nanjangud after 31st March 1892 shall be of the same quantities as are now payable to them up to that date. The excess amount required for the purpose will be given as an advance from Provincial Funds, subject to future adjustment from savings of the Temple receipts.
